# saco

Saco has a belief that the desire to learn is born from the desire to achieve. In the ever-evolving world of hair, achievement is dependant on knowledge and expertise. Education is key in the advancement of your skills and ability to succeed.

Saco strives to create an environment that will both inspire and promote personal development. Through education, we endeavour to share extensive experience and offer the highest standard of training designed specifically to meet the needs of you and your team.

With SACO as your educational partner, you will reap the benefits of the many years teaching experience and technical expertise accrued by our team. With an unsurpassed reputation as pioneers of creativity within the industry, we are the first choice of many of the worlds leading names in Hair.

From one-to-one personal tuition to sensational shows delivered to audiences of thousands, time spent with SACO makes for an entirely fulfilling and unforgettable experience.

## in salon education

SACO comes to you. If you prefer informal training within your own environment, opt for In-Salon Education.

Prior to commencement of the training we will undertake in-depth analysis of your training needs and tailor the course content accordingly.

I.S.E. can combine many formats, delivering exactly to your requirements. From one day to one week, from Classic to Advanced, this is bespoke education brought to you.

## events

Through SACO events you have the opportunity to raise your regional profile and turn a stimulating experience into revenue.

With a wealth of global experience to share, SACO possesses one of the worlds leading educational teams.

The SACO team will give support and guidance through each step, from initial preparations to marketing of the event.

### SEMINARS

Bringing the SACO team to your seminar will ensure an intimate yet interactive technically based experience, leaving your audience totally fulfilled.

With real commercial advantages, the high calibre SACO team has appeal to vast audiences.

In-depth demonstrations in the latest cutting and colouring techniques as well as AV and model presentations are sure to please.

### SHOWS

For a dynamic presentation of ideas to a larger audience the SACO shows team can provide a visually stimulating learning experience.

At a vibrant pace, choreographed model presentations and a constant stream of the latest inspirational techniques in both cut and colour will engage the audience and stimulate the senses.
